Revenue and Expenditure

Framework (MTREF)

Council

Council means the Council of the Municipality of Knysna

Agricultural Properties

Refer to owners or tenants of agricultural properties who are registered with SARS as bonafide farmers

Urban Areas

For the purposes of levying rates in urban areas such urban areas are defined to be the areas in which properties are situated in respect of which formal township establishment has taken place and to which normal municipal services are rendered due to the properties being contiguous to the bulk municipal infrastructure.

Rural Areas

For the purposes of levying rates in rural areas such rural areas are defined to be the areas in which properties are situated where either no formal township establishment has taken place or where there is no rendering of normal municipal services due to their non-contiguous position to the bulk municipal infrastructure found in the urban area.

Residential Properties

Properties are defined as residential properties provided that :

- such properties are used predominantly for residential purposes, provided that there are not more than two dwelling
- such rateable residences are situated on properties used or related to the care of the aged;
- such rateable residences are situated on properties used or related to educational purposes;
- such residential properties are registered in terms of the Sectional Titles Act, 1971 (now Act 95 of 1986);
- such properties are owned by share-block companies;
- such properties are not subject to provisions of Section 4 of the Rating of State Property Act, 1984

Residential Zoning

Residential zoning means any improved or unimproved site which has been zoned as a single residential, general residential or group housing zoning in terms of the applicable Zoning Scheme Regulations within the Knysna Municipal area and includes any special consent or departure for the use of any site with a different zoning for residential purposes.

Equivalent Erf

An Equivalent erf is a single residential property with a design water consumption demand of 400 Kl per annum and for augmentation purposes properties with zonings other than single residential will be levied on the number of equivalent erven based on the design water consumption demand for the zoning and size of the property.

Premises

Any vessel, boat, caravan, tent or similar object habitually occupied for residential purposes, any vacant immovable property and any structure on immovable property habitually occupied for residential and/or business purposes provided

- where such structure consists of more than one residential and/or business unit each such unit shall be deemed to be premises for the purposes of this section, irrespective whether individually or bulk metered.

- each such unit deemed to be premises has a service connection to it or has a facility which has a service supply to it.

Water Closet And Urinal

Under these tariffs "pan" means a water closet or urinal, provided that for the purposes of the assessment of the annual sewerage service charges in respect of urinals, each two urinal stalls or every meter (or part thereof exceeding half a meter) of urinal wall shall be regarded as one "pan" (water closet).

Service Charge

The annual service charge is the fixed charge due by each premises as defined above and does not include any allowance for consumption and is levied irrespective whether consumption takes place or not.

Reading Period

The reading period for all consumption shall as far as is practicably possible be on a regular monthly cycle subject to:

The operational exigencies of staff availability, public holidays and inclement weather, the Council will not entertain any adjustment of an account rendered where the reading period and consumption derived for such account deviates from the

In such cases where the reading period exceeds the normal reading period by more than 10 days the onus shall rest on the consumer to apply, in writing, for the adjustment of the account which shall be on the basis of the monthly average derived

6.1.3	<u>ELECTRICITY RESALE RESTRICTION</u>					
	The resale of electricity must comply with Section 20 of the Standard Electricity By-Laws.					
6.1.4	<u>SUPPLY CONTRACT</u>					
	Electricity shall be supplied under these tariffs by contract made or implied, and, with the exemption of approved charges in tenancy, such contract shall be subject to the provisions of section 5 of the Additional Electricity Supply By-Law. If the applicant for an electricity supply is not the owner of the relevant premises, no such supply shall be given by the Council unless, and until such time as the permission of the owner of the premises, or his appointed agent, is given to Council in writing. In such an event the owner ceases to be a consumer in respect of such premises and he will upon again becoming a consumer of such premises have to pay the electricity deposit prescribed in paragraph 6.10.					
6.1.5	<u>BASIC CHARGES</u>					
6.1.5.1	<u>Conventional Metering</u>					
	The fixed basic (service) charges shall be payable at the rate indicated from every month, or portion thereof, following the date upon which the consumer has applied for the services to be connected or upon which the Council is ready to effect such connection to the supply mains, whichever may be the later, irrespective of whether the supply of electricity is used or not.					
6.1.5.2	<u>Prepaid Metering</u>					
	Prepaid meters will have a fixed daily rate.					
6.1.6	<u>HOLIDAY HOUSE</u>					
6.1.6.1	A single residential property at which electricity (kWh) has not been purchased for three consecutive months is classified as a "Holiday Home".					
6.1.6.2	In order to change the name of the consumer as well as the tariff codes etc. an administration fee will be charged whenever a holiday house becomes permanently occupied.					
6.1.6.3	The responsibility to prove that a house is/was physically permanently occupied, will be on the onus of the applicant.					
6.1.6.4	The same tariff as Domestic Prepaid Electricity Meter is applicable where a Daily Rate is charged. If the criteria is met , application can be made on a yearly basis for an electrical consumption assessment in order to qualify for the All Inclusive Energy Charge.

6.3.12.1	Minimum Notified Maximum Demand shall be 66 kVA					
6.3.12.2	The supply of electricity to consumers metered in terms of this tariff scale shall be at MV (Medium Voltage) or LV (Low Voltage) connection and at the discretion of the Manager					
6.3.12.3	This tariff shall be applicable to any service where the consumer contracts in writing to take supply or pay the minimum charges for an initial period of at least two (2) years after which the contract may be terminated subject to six (6) months written notice of termination by the consumer					
6.3.12.4	On making application for a supply under this tariff the consumer's notified maximum demand shall not be exceeded by more than 25% without at least three (3) months notice having been given in writing to the Manager Electrotechnical. On expiry of such period of notice, or immediately if such increase has occurred without notification, the increased figure shall become the notified maximum demand for the purposes of this tariff.					
6.3.12.5	The maximum demand charge shall be payable at the rate indicated for every month or portion thereof following the date upon which the consumer has applied for the service to be connected or upon which the Council is ready to effect such connection to the supply mains, whichever may be the later, irrespective of whether the supply of electricity is used or not. The said charge shall continue to be payable until the expiry of the period of notice required to be given and shall be based upon the notified maximum demand or the maximum demand of the installation. Such maximum demand shall be the maximum load of that installation sustained or averaged for any 30 minute period during any month. If so required by the Manager Electrotechnical, the maximum current in amperes sustained or averaged for any such 30 minute period in the heaviest load phase at the declared voltage of supply. Any demand meter, time switch or other apparatus necessary for the determination of the maximum demand shall be deemed to be a meter in terms of the Standard By-Law.					
6.3.12.6	VACENT ERVEN - BULK Supply to Developments This fee shall apply to vacant erven only. In the case of developments taking the electricity supply at bulk, the availability fee payable in respect of vacant erven shall be waived however the Network Access charge shall be payable on the Notified Demand or the highest recorded maximum demand for the month in question, whichever is the greatest.
