Jerome Simmonis (CCTV Project), Warrent Officer Francois Cowley (SAPS), Mike Elliot (Chairperson, CCTV Project), and Executive Mayor Eleanore Bouw-Spies discuss the importance of the Bill of Rights with your loved ones and those who are not aware of the

Illegal dumping can be reported to: 081 556 9374

Please note that there will be no refuse removal on Easter/Good Friday (30 March).

Please report any water abuse or leaks to: 060 998 7000

Restriction in the Greater Knysna acknowledges the stress on the water system, and limits include:

- Installing water meters to manage demand;
- Leak repairs;
- Installing water treatment plants;
- Change in the time of watering, in order to make use of the available water supply;
- Reusing greywater for gardening; and
- Encouraging rainwater harvesting.

What isn’t as widely known is that Cape Town receives FOUR TIMES the water it consumes annually—most of which is wasted. By reducing our water usage, we contribute to securing the future of the city for our children and their children.

The more information you share with us, the more personalised we can make your App experience. To view your account on the App, use the following steps:

1. Log in
