

WATER SCARCE AREA SAVE WATER | YONGA AMANZI | BESPAAR WATER

50 LITRES IS THE NEW NORMAL

50L PER PERSON PER DAY

for household use: That's all you get for drinking, washing, flushing and cooking. That's your daily limit and this is our new normal. **Your tap.**

Your choice. If we don't save now, **we queue later!**

Every drop keeps Knysna running. **Make it work.**

Make it last. Make it count.

SAVE R QUEUE

Together, we can avoid Day Zero with 50l or less/day/person!

THE COST OF CHOICE

Save water or pay the price!

Saving water costs nothing;
running out costs everything.

No water

=

**no flushing,
no washing,
no fire-fighting.**

REPORT WATER LEAKS & MISUSE  WHATSAPP 060 998 7000 FOR MORE INFO VISIT [KNYSNA.GOV.ZA/DAYZERO](https://www.knysna.gov.za/dayzero)

IT'S A WATER EMERGENCY

Using water out of doors **steals** water from our hospitals, schools and fire-fighters.

No hoses — green lawns are gone. **Survival comes first.**

No filling of pools and no washing of boats/cars.

HOW TO CHECK FOR LEAKS AT HOME

1. **Stop** all water use. **Close all taps** on the property and don't flush toilets.
2. **Check and record** your meter reading.
3. **Wait 15 minutes** and take another reading.
Make sure nobody has opened a tap or flushed a toilet during this time.
4. If there is a difference, you have a leak to fix.
Act quickly.
5. Fix simple leaks yourself or call a plumber to help.

HOW TO CHECK FOR A TOILET LEAK

1. **Listen** for water trickling into the bowl.
2. Press a piece of toilet paper against the inside back surface of the bowl. **If it gets wet**, you probably have a leak.
3. Put **15 drops of food colouring** into the toilet cistern. If, after 15 minutes, the water in the toilet bowl has changed colour, there is a leak.
4. If there is a leak, check for the cause and **fix it**.

RAINWATER HARVESTING

Catch it while it falls.

Harvesting rainwater is no longer optional, it is **essential**.

If you can't afford a tank, use clean empty **drums** or **bins**.

Use rainwater for:

- toilets
- cleaning
- washing
- gardens (when allowed)

HEALTH RISKS

Saving water saves lives.

No water means **disease.**

Without water:

- toilets don't flush
- hands can't wash
- infections spread

FIRE RISK

**No water means
no fire-fighting.**

One spark.

One fire.

No water.

Another disaster.

**Don't be a butt,
don't start a fire.**

Save together or
suffer together.

TARIFFS & PENALTIES

Waste water and pay more.

Break the rules & lose your supply.
Heavy users will be fined, penalised
and disconnected.

There will be no more warnings.

A photograph of a water bill with a large red stamp that reads "PENALTY APPLIED". A white callout box on the left contains the text: "ALTIES more. your supply. ed, penalised e warnings." The bill includes fields for "Section 1 INUMBER", "ACCOUNT 11000-002/1233; 002/125", "PX17 SINGE CSIER", and a table of charges. The charges table has columns for "CHARGES" and "AMOUNT". The charges listed are: "2.50.50 - BLOESS CHARGE FONDALE", "2.3.100 - BLOE BASIC AND ANSENTICAL", and "2.30.50 - SPATES CHARGE BRGET". The "TOTAL DUE" is shown at the bottom right.
