71/634 DATUM 20-10-1971
No. DATE
AB Pricer
INSPEKTEUR VAN FABRIEKE,
INSPECTOR OF FACTORIES,
DEPARTEMENT VAN ARBEID.
DEPARTMENT OF LABOUR.

Miss

Hand-drawn sketches of various mechanical components and fasteners, including dimensions and labels:

- Top Left:** A bolt with a hexagonal head and a threaded shaft. The head diameter is labeled $\phi 12$. The shaft diameter is labeled $\phi 10$. The total length is labeled 100 .
- Top Right:** A bolt with a hexagonal head and a threaded shaft. The head diameter is labeled $\phi 12$. The shaft diameter is labeled $\phi 10$. The total length is labeled 100 .
- Middle Left:** A bolt with a hexagonal head and a threaded shaft. The head diameter is labeled $\phi 12$. The shaft diameter is labeled $\phi 10$. The total length is labeled 100 .
- Middle Right:** A bolt with a hexagonal head and a threaded shaft. The head diameter is labeled $\phi 12$. The shaft diameter is labeled $\phi 10$. The total length is labeled 100 .
- Bottom Left:** A bolt with a hexagonal head and a threaded shaft. The head diameter is labeled $\phi 12$. The shaft diameter is labeled $\phi 10$. The total length is labeled 100 .
- Bottom Center:** A bolt with a hexagonal head and a threaded shaft. The head diameter is labeled $\phi 12$. The shaft diameter is labeled $\phi 10$. The total length is labeled 100 .
- Bottom Right:** A bolt with a hexagonal head and a threaded shaft. The head diameter is labeled $\phi 12$. The shaft diameter is labeled $\phi 10$. The total length is labeled 100 .
- Far Right:** A vertical bolt with a hexagonal head and a threaded shaft. The head diameter is labeled $\phi 12$. The shaft diameter is labeled $\phi 10$. The total length is labeled 100 .
